No.4 Title : "Voyage through the colours of the seasons" Artist:Mangmod
 The comment from the artist:"The theme will be the passing on seasons. It starts with Autumn, the current season and its red-orange colours, falling leaves and waterfall effects. It then proceeds to the flashing lights of winter and christmas with the typical red-green-blue colours of the flashing lights of the christmas trees. This leaves room for the blue, cold nights of winter. Then spring comes, along with the green grass and the growth of trees, flowers bloom. And in the end, summer comes, the season of festivals, of holidays. Majestic, large fireworks bright up the sky with gold kamuro, palms reminding of the beach."
